A Practitioner's Guide to:

Discipline Section 504 FAPE

The Angle of Repose

Featuring
Eric P. Hartwig, Ph.D.

Wednesday,
December 10, 2003
Heidel House Resort and
Conference Center
Green Lake, WI

Marathon County
Special Education
strives to present high-
quality workshops in a
comfortable, professional
atmosphere to meet the
needs of practicing
educators. MCSE has
established a reputation
for presenting practical,
reliable and research-
based information.

www.mcspecialeducation.com

**Just in time...
a workshop for
practitioners...
putting theory into
practice!**

Eric P. Hartwig, Ph.D. will discuss 3 hot-button topics for educators today. Join him in a walk-around-the-block style for dealing with issues of discipline, Section 504 and FAPE. This comprehensive one-day training will enable you to work within the angle of repose balancing legal mandates with students' needs so you can work more confidently in your school.

An updated guide for...

Teachers, psychologists, social workers, guidance staff, school administrators and related school personnel who are vested in providing a proactive, positive approach to meeting the special needs of students in your district.

Discipline: Differentiated Classroom Management

Be informed of the latest and most up-to-date interventions for disciplining students with challenging behaviors. Learn how to develop disciplinary plans that match individual needs with different strategies while focusing on positive and practical educational alternatives.

Section 504: Accessibility for All

The intent of this refresher is to provide an update and overview of the various components of Section 504 and its relationship to providing services to students.

Topics include:

- Defining a Disability Under 504
- What “Substantially Limited” Means
- How to Differentiate Equal From the Same
- Addressing the Concept of Fairness
- What is the “Most Integrated Setting”?

FAPE and the New IDEA:

Providing appropriate educational programming for children with disabilities has often given rise to communication difficulties between regular education and special education staff who sometimes seem to run on a separate and parallel path. It is clear these entities must now, more than ever, join forces to better serve all children. This workshop will focus on classroom accommodations, modifications and differentiating the curriculum.

Workshop Outcomes:

- Recognize the implications of NCLB and IDEA regarding the requirements for meeting the needs of students with disabilities.
- Increase awareness of effective strategies and systematic responses to school-wide discipline problems.
- Understand regular classroom accommodations and those required under 504.
- Learn strategies to provide access for all students to the general education curriculum.

About the Presenter:

Eric P. Hartwig, Ph.D. received his doctorate in Educational Administration from the University of Wisconsin-Madison, a M.S. in School Psychology and a B.S. in Psychology from the University of Wisconsin-La Crosse. He is experienced and licensed as a Director of Pupil Services, District Administrator and a School Psychologist. Presently, he is the Administrator of Pupil Services for the Marathon County Children with Disabilities Education Board. Dr. Hartwig has done extensive research on discipline, school violence, psychoeducational assessment and related special education issues. In addition, Dr. Hartwig is the Consulting Editor for *Today's School Psychologist*, author of a behavioral rating scale designed to identify and treat conduct and personality disorders in school age children, and co-author of the book: *Discipline in the School*, along with 12 videos. He has been an adjunct professor for the University of Wisconsin-Madison, Cardinal Stritch College-Milwaukee and for Aurora University-Wisconsin Campus. Dr. Hartwig is a well respected and nationally recognized speaker.
